Dear Professor Lederberg

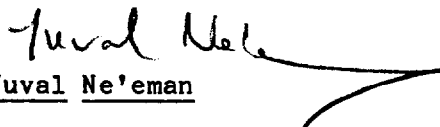

It gives me great pleasure to invite you here as a Visiting Sackler Fellow. Professor Katzir assures me that you might indeed find it possible to come sometime during the coming academic year.

I hope this can indeed materialize soon. We shall proceed with the necessary arrangements for your visit after receiving your letter of acceptance with the planned dates for your stay here.

We shall send you one return air-ticket; a fully-furnished apartment will be placed at your disposal, and we shall be able to cover additional expenses through the payment of a per diem.

With kindest regards and looking forward to your prospective visit,

Yours sincerely

Yuval Ne'eman
